

**David Parrish**

*Helping creative entrepreneurs world-wide to become even more successful*

# Speaking and Presentations

David is a popular and inspiring keynote speaker at conferences and events world-wide for creative, digital and cultural enterprises including design, media and technology businesses. He is one of the most respected creative industries speakers on creative enterprise, the creative economy, the digital economy, marketing, and creativity in business. David is listed as a TED Speaker.

*"David Parrish is a very inspirational speaker. The way he illustrates his points is excellent. He makes you laugh and instantly you start to think about your own ideas and projects."*

Eli Folkestadaas.

British-Norwegian Chamber of Commerce

At conferences he is often asked to speak about bringing together creativity and business ('T-Shirts and Suits') and how creative enterprises can use business ideas and new business models.. He has also made speeches and presentations on subjects such as marketing, business growth, intellectual property, strategic planning, leadership and change management.

*"David Parrish was an inspiration to creative and digital entrepreneurs in Bogotá and made an excellent contribution to The Digital Debate as the international keynote speaker. By bringing his wide international experience and message about combining creative passion with smart business thinking, he helped to accelerate the growth of the digital industries in Colombia."*

Carlos F Ramirez. Managing Director
